Adirondack Growers

Finney Blvd - Malone

WHY BUY LOCAL?

- Local farmers choose their varieties based on good flavor instead of shipping characteristics.
- If the produce tastes good it is more likely to be eaten (especially by kids!).
- Produce ripened on the plant has more flavor and nutrients.
- Farmers often grow unusual varieties for a true gourmet experience.
- Support family farms and neighbors.
- Conserve farmland and open spaces in your community.
- Fewer miles from field to table reduces fossil fuel consumption and resulting air pollution.
- Know your farmer and support production methods you believe in.
- Reduced time from harvest to consumer keeps produce fresh without waxing.
- Reduced packaging and reduced waste.
- Buy in bulk and store foods yourself; preserve nutrients and tell the "food story" to dinner guests.
- Your dollar stays in your community to support other businesses.

MANY OF THESE FARMS CAN ALSO BE FOUND ON FACEBOOK 

LOOK INSIDE FOR LISTINGS FOR LOCAL FARMS AND FARMSTANDS IN THE REGION

COMMUNITY-SUPPORTED AGRICULTURE (CSA) is a food production and distribution system that directly connects farmers and consumers. Consumers can purchase a share of the farm's harvest at the beginning of the growing season and then pick up a box of freshly harvested produce each week throughout the season.

FARMERS MARKET CONSUMER PROGRAMS The Farmers' Market Nutrition Program (FMNP) provides coupons for fresh fruits and vegetables to people eligible for WIC and Senior Nutrition Programs. FMNP coupons are accepted at Farmers' Markets by vendors with signs at their booths. People enrolled in the Supplemental Nutrition Assistance Program (SNAP) can use their electronic benefits transfer (EBT) cards at the Farmers Market locations noted by "accepts SNAP cards". For more vendors and locations that accept SNAP cards please visit www.adirondackharvest.com.
